Accommodation Options

The International Office at Cheshire College - South & West offers accommodation options to suit every taste. It is important for the College that our international students are happy with their accommodation, whether they are with us for a few weeks on a short course or summer camp programme or as full-time students.

We offer two options:

Homestay

You will be staying with a host family. You will be encouraged to continue practising your English outside College to help you settle into the British way of life.

Boarding

The College has an agreement with Olive Grove to offer boarding for full-time international students who are based at the Crewe Campus.

Homestay

You can be assured that all our host families are inspected by the College and required to meet certain standards to be able to host international students.

This is the preferred option for students who come to the College for a short period of time or for our summer camps. There are a limited number of homestay options for full-time students so please apply as soon as possible if you are wishing to stay with a host family.

The International Office at Cheshire College - South & West has developed a wide network of host families to accommodate students coming to study at the College on full-time and short courses.

Our aim is to make sure you are happy with your accommodation and create a 'home from home' environment for you.

As soon as you have accepted a place to study at the College, you will receive a copy of the Accommodation Application Form. You will need to complete and return it to the International Office, at our Crewe Campus.

We will try to match your needs and requirements and offer you a homestay place accordingly. For any questions and further information, please email the International Office at: international@ccsw.ac.uk
